URGE DRASTIC STEPS TO CHECK IMMIGRATION

Questions of Grazing Leases
and Timber Limits in
Alberta.

Ottawa, May 23.—Third readings were given to the act to amend the Drylocks Act, the act relating to the Quebec Battlefields Commission and the act to incorporate the Boy Scouts in the Commons today, after which Hon. C. J. Doherty's bill to provide for uniform naturalization was given second reading and discussed at length in committee.

The bill to amend the Drylocks Act, it was explained, by Hon. Robert Rogers, will make possible the construction of a dyke at Vancouver by increasing the rate of interest, the government will pay for a period of 33 years from 3-1/2 to 4 per cent.

The naturalization bill caused much discussion, some exception being taken by the opposition members to the provision calling for five years' residence of an arrival from a foreign country before he may become a Canadian citizen.

Hon. C. J. Doherty said that it would be necessary to amend the Dominion Land Act when the new law goes into effect.

Lesser Slave Reserve
At a late hour in the evening the estimates of the interior department were taken up.

Hon. Frank Oliver objected to setting aside a portion of the Lesser Slave lake forest reserve on the score that it would prevent settlement along over 10 miles of railway recently constructed in that district.

Dr. Roche said that the land was high and probably not fit for agriculture.

Dr. Warnock, Macleod, wanted to know if the regulation prohibiting the grazing of sheep in Southern Alberta, was to be relaxed. He said that if sheep were allowed to graze it should be on land under fence.

Dr. Roche said that the proposal to allow sheep to graze in forest reserves was to be taken up by the head of the forestry branch.

Unemployed Question
Mr. Oliver urged that in view of the existing conditions more drastic steps should be taken to prevent the coming to Canada of artisans, skilled and unskilled laborers.

Mr. Roche assured the minister that

steps were being taken through advertisements and in other ways to impress upon people abroad and the citizenship companies that artisans and laborers are not required in Canada at the present time.

Hon. R. Lemieux said that many of the thousands of unemployed in Montreal are men who belong to the emigrant class. He said that more drastic action should be taken to keep the people out of Canada. The discussion continued for some time.

Dr. Edwards, Frontenac, blamed existing conditions to the eight hour day. Work of the farm could not be confined to eight hours a day with the result that the people flock from the country to the city.

ANOTHER IRISH CRISIS; CARSON LEAVES LONDON

Visit of Leader May Precipitate
Disturbance in Some
Sections.

SPECIAL MEETING OF CABINET IS CALLED

Londonderry and County Tyrone
Regarded as Possible
Storm Centers.

LONDON, May 23.—The gravity of the Ulster situation is emphasized by the announcement that Sir Edward Carson will leave for Belfast today, this departure being hastened on account of an advance in the meeting of the cabinet council, which has been summoned for today. A Saturday meeting is most unusual. Developments in Ireland, Monday's debate, and the third reading of the home rule bill recast the exceptional course.

It is recalled that Carson's departure for Ulster just two months ago precipitated an Irish crisis, barely avoided, civil war. The government is greatly alarmed by the prospect of rioting or worse during the coming week in Londonderry and County Tyrone, where the Unionist and Nationalist forces are equal.

This is regarded as a possible storm center. The Nationalist volunteer force, whose strength has been underrated, includes 20,000 former army men, fully armed.

The government, it is stated, authoritatively contemplates a much firmer course in Ulster than it has hitherto taken.

If any serious disturbance occurs, the government will call out large bodies of the regular army, and should the military not be willing, the government has decided to appeal to the electors immediately on this issue.

SAFETY OF VICE CONSUL REMOVES SERIOUS ASPECT

Most Difficult Problem for
Peace Mediators is
Out of Way.

OTHER INDIGINITIES MUST BE EXPLAINED

Conditions Again Become Normal
in Mexican Oil Wells
District.

Washington, May 23.—The Mexican negotiations going on at Niagara Falls received the very earnest attention of administration officials throughout the day. Several exchanges occurred between the American delegates and the officials here, and the situation was fully reviewed at the cabinet meeting after which further advice was forwarded to the American delegates.

One of the most threatening complications to mediation was removed yesterday when definite word reached the state department that Vice Consul Silliman, arrested at Saltillo and long sought for, had arrived safely at Mexico City, accompanied by the British vice consul at Saltillo, Mr. MacMillan.

The news of Mr. Silliman's safety became known at the moment when Secretary Bryan was making public reports received from refugees, that Silliman had been executed on May 18 by the federals at Saltillo. Great relief was expressed by cabinet members, several of them saying it removed one of the most dangerous features in the situation.

While, however, Silliman himself is safe, there remains several very grave features connected with his arrest. Unofficial reports have indicated that he was placed under arrest while acting as United States consul and imprisoned, and condemned to death.

Also the United States consulate was entered, the official archives being taken, including the code of the state department. Silliman's personal safety relieves the situation of its gravest aspect, but the other indignities, if officially verified by inquiries going on, remain to be atoned for in the ultimate settlement.

Admiral Mayo reported that the conditions in the oil well district around Tampico were rapidly becoming normal, under constitutional control. He said that American's returning from the oil well say everything is quiet and work on the constitutionals is being resumed. The constitutionalists have sent a special guard into the oil well district.

New York is to have a hospital for the treatment of cancer, to cost \$1,000,000.

WILL GIVE MODERN TRANSPORTATION TO HEART OF COUNTRY

To provide the one remaining link needed to give passengers thoroughly modern transportation from Edmonton and the rest of the world to the Peace River district proper, that is, on the other side of the Peace, the Grouard and Peace River Transfer company has been formed with headquarters at Grouard.

N. S. McDonald, of this company, is in the city today, and states that a first class, fast, wagon and carriage service will be given by the company this year between Grouard and Peace River Crossing. He is today shipping a carload of horses and carriages north and expects to have another carload shipped out very soon.

The Grouard and Peace River Transfer company has secured the contract from the Hudson's Bay company to carry its passengers from Grouard, the head of lake navigation, to the Peace, where other steamers ply.

This season passengers for the north can take the Canadian Northern to Athabasca or the P. D. and R. C. to Sawridge, these boats from either point to Grouard, at the western end of Lesser Slave lake and the head of navigation. This new service between Grouard and the Peace river will give first class traffic facilities all the way.

Mr. McDonald says that no rush ever equalled that which is just now taking place to the Peace River country. He anticipates a large tourist traffic this summer, and next year, when the railways penetrate farther into the territory, a greater rush than ever.

PATRIOTISM SHOWN BY FOUR HUNDRED SCHOOL CHILDREN

Yesterday afternoon at the King Edward school 400 school cadets and squads of girls from all the public schools in the city, were guests of the Beaver House chapter of the Imperial Order of Daughters of the Empire. The marching troops were reviewed by Lieut-Colonel Belcher and Colonel Jamieson. Following the review the children assembled in the large assembly hall which was gaily decorated for the occasion where songs and speeches were listened to and a most enjoyable time spent.

REBEL GUARD SHOOTS DEAD MAN WHO GAVE CHEERS FOR HUERTA

Naco, Ariz., May 23.—Wandering over to the Mexican side of the line early today, Alejandro Itchen, a former Huerta employee at Naco, Sonora, shouted "Viva Huerta," and promptly received three bullets which killed him. A constitutionalist custodian of the station saw the man and shot him.

Mexican authorities said Itchen had attacked the customs guard with a knife. The man's body was left lying in the street several hours. Itchen, who had been a refugee, leaves a family here.

HUNDREDS WOULD TALK TO CALGARY BY LONG DISTANCE

(Continued.)

throughout the province, yesterday a request for no fewer than 10,000 shares of Beumont coming in from Camrose, Again Vets Field.

D. E. Dunn, of the Northland Resources, limited, who put through such big deals in United Federal, Calgary, Alberta and others during the past few days, left for Calgary again this afternoon, and will look west, the field again and see the new developments at first hand. He expects to be back in the city Monday with some propositions to offer local investors.

Everybody now seems to be waiting to see what the next development is going to be, as it is expected that one of the wells now drilling will strike a similar gusher to the Dingman. However, should they strike nothing, but said, it would be no indication that oil did not exist in the immediate vicinity, according to experts from California and elsewhere, who are in the city.

Old Time Miner Talks.
C. J. Robertson, an old-time miner of the Yukon and the Kootenays, who was in Calgary last week during the height of the oil excitement there, came to Edmonton yesterday and left for Calgary last night.

He stated that nothing ever began to touch the Okotoks strike in point of excitement, not even the wildest gush strikes in the west. People who know oil, he says, believe that the present strike will revolutionize the oil business in Canada at least. They realize that it is the most far-reaching thing, commercially, that has ever happened in the North American continent. Hundreds of men from Oklahoma, Texas, California and other fields are on the way to Calgary. One cannot rent any kind of room in a hotel. Even the rooming houses are filled up.

No Doubt as to North.
James D. Telt, manager of the Athabasca Oil, limited, which has four wells down the Peace river, on the Athabasca river, north of Fort McMurray, said yesterday that there was no doubt and never had been for the past two years, of the existence of oil in paying quantities in the north, and by the north he means away north of Calgary.

He has office, at 444 Taylor block, he has samples of the northern oil a few days. He says the oil is of a higher grade than any ever found on an asphaltum bed. It is there in paying quantities. He says that it is a matter of transportation, which will be furnished by the A. and G. W. road. He says that the oil is of a higher grade than any ever found on an asphaltum bed. It is there in paying quantities. He says that it is a matter of transportation, which will be furnished by the A. and G. W. road.

Mexican authorities said Itchen had attacked the customs guard with a knife. The man's body was left lying in the street several hours. Itchen, who had been a refugee, leaves a family here.

BUSINESS IN OIL SHARES IS BRISK IN SOUTHERN CITY

Stock of Leading Companies
Advances on Calgary
Market.

WELL TO BE EXPLODED WITH NITRO GLYCERINE

This Will Break Up Strata and
Probably Increase Flow
Very Largely.

Calgary, May 23.—Driller Hovis of the Dingman well stated today that the well would be shot in the course of a few days. One hundred quarts of nitro glycerine will be used. The explosive will be lowered to the bottom of the well and set off by dropping a weight down the half mile hole. As a result the strata at the bottom of the well will be broken up and it is confidently expected that when this happens there will be a large increase in the flow of oil. Driller Hovis stated that the well might even develop into a gusher. At the present time the drill has penetrated only a distance of about two feet into the oil bearing sands.

Business in oil shares in the city today was brisk and the stock of several of the leading companies advanced in price. New companies keep coming into the field. Preliminary arrangements for the formation of a stock exchange will be completed tomorrow and in the course of a few days the sale of stocks will be carried on under strict regulations.

Money Jaw Excited
Money Jaw, May 23.—This city has the oil fever acutely. The newspapers are carrying several extra pages of advertising matter and thousands of dollars worth of stock are being sold daily. One firm sold \$4,000 of shares this afternoon. An agency at the box office of a motion picture theater is doing a land office business and catching the public for pictures at the same time as the suggestion to the untitled is that a feature of big interest is being shown.

Ganplank Causes Tragedy
Toboken, N.J., May 23.—The steamer Frederick III was about to start on her voyage yesterday when a gang plank between her main deck and the dock broke. Men, women and children passengers were thrown into the Hudson River. The list of the victims contained two known, drowned a child missing and believed to be drowned, two other persons missing and at least 20 suffering from injury.

MAY 25th

Electric Week In Edmonton

MAY 30th

A Current of Economy Charging Our Electric Bazaar

TUESDAY, "ELECTRIC WEEK" IN EDMONTON, becomes a positive happening. With plenty of "to-do," our little shop devoted to the publicity of Electric helps for the Home and Office makes its bow for your approval of its feature display! Equally to those familiar with the displays of the Electric shop and those not, much that is new will present itself.

"Hotpoint" Family Are To Be Here

So are other honor-bright appliances for busy folks of today. Your visit here should be first and foremost in your Tuesday Calendar. Reductions in price will be the signal for immediate action on the part of hundreds who are ready for new Electric appliances.

Many Devices Charged Less

"Inches" Electric Iron. Regularly \$5.50. Special, each, \$5.50.
Electric Curling Irons. Regularly \$5.00. Special, each, \$4.50.
1 only Electric Soldering Iron. Regularly \$5. Special, each, \$3.50.
Electric Chaffing Dish. Regularly \$22.50. Special, each, \$18.00.
Crown Electric Toaster. Regularly \$4.00. Special, each, \$2.45.
1 only Single Electric Grill. Regularly \$11. Special, each, \$10.00.
1 only Double Electric Grill. Regularly \$15.50. Special, \$17.00.

"Condor" Tungsten Electric Lamps

100 Watt. Regularly \$1.15. Special, each, 75c.
60 Watt. Regularly 65c. Special, each, 50c.
40 Watt. Regularly 60c. Special, each, 35c.
15, 25, 25 Watt. Regularly 60c. Special, each, 30c.
—FLOOR THREE.

Ha! It's Pineapple Week Next

Devoting A Week to the Special Display and Sale of
Mellow Florida Pineapples. A Whole Carload to Arrive for Us Tuesday

S MACK—JUICY FLORIDA PINEAPPLES!—YOU know them, 'course you do,—precious few who could skip such rich, rapid fruit and be happy. And a carload's coming!—every bouncing big pineapple a prize from the terraced Southern Fruit Farms,—telling of careful rearing by calico-clad Coolies under gracious skies.

Cheap as Canadian Fruits!

During the Special Sale Week these pineapples will be very little-priced for their worth. As delicious as anything ever invented for preserving,—with rhubarb for instance,—or for fresh desserts. Surely a goodly supply for your household,—for it's not an every-day affair this chance.

Extra Fancy Florida Pineapple, each 22c
per half dozen \$1.25
per dozen \$2.40
per two dozen \$4.70
Fresh Strawberry Rhubarb, 7 lbs. 25c
—FLOOR THREE.

Hudson's Bay Cretonnes and Chintzes

THESE ARE DESIGNED TO CREATE FOR THE Home and in the Home all that is appreciable. This intention is shown in the elaborate nature of our selections for your pleasure in choosing.

English Cretonnes—Elegant!

That is a curtailed description of them,—but meaningful. These are in fast colors and cheerful, yet of that essence of cheer which seeks more to gratify by its simplicity than its show. We have them for Castle and Cottage,—both.

Draperies of Many "Feathers"

We do not mean many draperies "of a feather,"—for these do not flock together here. We have selected with an eye to variety, such that you may have an interior draped in an individual tone.

800 Different Designs

Nane which are not good,—scores which are more than good,—better,—excellent! The prices are, per yard \$3.75 down to 10c
—FLOOR THREE.

Tuesday "Quality First" Groceries

Edmonton City Dairy Butler, 2 lbs. 58c
Hudson's Bay Family Tea. Special, 3 lb. tin \$1.00
Choice Canned Tomatoes, 2 tins 25c
Extra Fine French Peas, per tin 25c; per dozen \$2.65
Vagstaff's Marmalade, 5 lb. tin. Special 65c
Old Dutch Cleanser, 6 tins 45c
Lux, 6 pkts. 45c
Golden West Washing Powder, per pkt. 22c
Ammonia, in packages, 3 pkts. 25c

Fruits

Oranges, per dozen 30c, 40c and 50c
Bananas, per dozen 35c
Lemons, per dozen 30c
Table Apples, per lb. 10c
Bermuda Onions. Special, 3 lbs. 25c

Fresh Vegetables, all kinds. At Lowest Prices.
—FLOOR THREE.

ies Hotel, Edmonton, Alta.
Readers of The Capital are requested to favor the management by report-
ing any irregularities in delivery.

PELLETIER AND PADLOCKS.

Recent events have abundantly justified last year's Liberal criticism of Hon. L. P. Pelletier's contract with the Ontario Equipment company for 350,000 mail bag locks and keys. A year ago, however, the Nationalist Postmaster-General, his colleagues and the government newspapers were indignantly declaring that the Liberal criticism was vicious and without shadow of foundation. They were boasting, too, that Mr. Pelletier had made a contract of wondrous excellence.

Three hundred and fifty thousand locks and keys would supply the requirements of the post office department for a generation or two. But Mr. Pelletier was bound to give his friends the enormous contract at \$1 for each lock and key, or \$350,000 in all. The absurdity of the quantity as well as the question of price and the quality of the lock, was criticised by the Liberals, and warmly defended by the government. The quality of the lock was declared by Pelletier to be beyond question in superiority.

Now comes the announcement through a return tabled in the commons, that it has been necessary to cancel the contract because of the failure of the company to live up to its obligations. Justification No. 1 for the Liberals.

There comes, too, the announcement that a new lock is to be substituted for the one specified in the contract and declared by Mr. Pelletier to be the best lock on earth. The change is made because the first locks have not proved satisfactory, though it is claimed by the company that the locks provided under the contract have been precisely the same as the simple which Mr. Pelletier praised so highly. The change gives justification No. 2 for the Liberal criticism.

Justification No. 3 is provided by the fact that the new locks and keys are to be supplied for considerably less than the price specified in the former contract and condemned by the Liberals as excessive.

But there are several other points to be noted. Mr. Pelletier has cancelled the contract and he has declared that "it will stay cancelled" because the "company has not lived up to its contract in any way, shape or form." What an earnest guardian of the public interest Mr. Pelletier has suddenly become! But the truth of the matter is that the cancellation of the contract hasn't taken the mail lock business away from the Minister's friends in the Ontario Equipment company at all. The contract is cancelled but a new agreement has been made whereby the company has the job of supplying the locks and keys just the same. The difference is that the company isn't given a set order for 350,000 locks and keys, but it is supplied the post office department with equipment as it is needed.

Liberal criticism has forced the cancellation of an extravagant contract which provided for a huge quantity of unsatisfactory locks at an excessive price. By that success the Liberals have saved money for the people of Canada and made for less inefficiency in the administration of post office affairs. But Mr. Pelletier and his colleagues have seen to it that business is still to be thrown in the way of its friends of the equipment company. Mr. Pelletier's "severe" treatment of the company in cancelling its contract is no more than a love tap for the company is to get fine fat orders just the same.

SHACKLETON GETS INTO THE GAME.

Sir Ernest Shackleton's comprehensive plans for exploring the Antarctic continent are of a sort to stir the deepest interest. They are boldly and comprehensively conceived and unquestionably they will be skillfully executed.

According to the present program the main expedition is to leave Buenos Ayres next October, and its object will be to traverse the South Polar continent between Weddell sea and Ross sea, taking in the pole as an incident. The course mapped out is about 1,700 miles long. Sir Ernest has considerable knowledge to be gained, and since he is a scientist as well as an explorer there is no doubt that the opportunities to gain new and valuable data of this sort greatly appeals to the young Englishman.

But it is likely that this is not the moving spring of Sir Ernest's ambition. It was an American who conquered the North Pole; it was a Norwegian who first reached the South Pole; it was Shackleton's close friend and associate, Scott, who was beaten out in the tragic but glorious race which Amundsen won. We believe that a man of Sir Ernest Shackleton's heroic temper chafes under the thought that his country has been denied the honor of gaining supreme honors at either end of the earth's axis, and that he is determined that at least it shall be a British subject who first achieves the great transcontinental journey in Antarctica, marks out a pathway across the land, determines definitely its geographical affinities with South America and New Zealand, and so perhaps explains many scientific puzzles otherwise baffling.

This task will be more difficult than the tasks set for themselves by either Amundsen or Scott. It will require more careful preparation, greater resourcefulness, harder endurance. There can be no retracing of trails, or dependence on carefully established depots. The expedition must be managed with the nicest regard for economies of strength and food supply.

Sir Ernest's own expression is, "We hope to carry our country's flag across the South Polar continent." Surely there is no one whom the world would rather see win in such an effort, no one who so thoroughly deserves success and honor.

TODAY IN DOMINION HISTORY.

On this date in 1633 Samuel de Champlain arrived in Quebec to begin his second administration of the affairs of New France. From 1612 to 1633 Champlain had governed strongly and with a single purpose of mind. New France was a mighty New people. The great ambition seemed to him to be to make of this vast world empire for his country a real one, and on this day he was crowned with his achievement when Richelieu attained power in France, for he increased Champlain's authority, formed the company of the Hundred Associates, pledged the company to send out 15,000 men in fifteen years, gave the company two battalions, and granted it a charter of trade and power over New France, Newfoundland, Acadia, and Florida. Then came a war with England, the shutting off of supplies, the reduction of Canadian colonies to poverty and starvation, and the blasting of their high hopes of empire. In 1629 Admiral Kirie sailed up the St. Lawrence captured Quebec and hoisted the English flag over its ramparts, and carried Champlain away as a prisoner to England. In 1632 a treaty was made by which New France and Acadia were restored to France and Champlain was released and returned to his post on May 23, 1633. Peace, prosperity and progress hovered on the horizon, and the hearts of the colonists again beat high with hope. For a while the French all went well, but when the French were converted and trade expanded. Sudden disaster again came upon New France when on Christmas Day, 1635, Samuel de Champlain died. The passing of Champlain was the beginning of the end of New France. From the day of his death began that decadence of the power of France in America which ended with Wolfe's victory.

FIRST THINGS

Fraser River

The first white man to navigate the Fraser River, in British Columbia, was Simon Fraser, the great explorer of the Canadian West whose name was given to the stream which he discovered. It was 108 years ago today that Fraser, after having established his first permanent camp on the banks of the river, which he named the border of what is now the Province of British Columbia, embarked with his companions in a crude boat for a trip down a big river which he thought was the Columbia. The trip was replete with dangers and thrilling adventures, for the Fraser River meanders and rushes and roars through deep canyons in the mountains. Only the most daring adventures could be attempted to repeat Fraser's feat, and some of these have come to grief. Fraser was the son of an American who fought with the British army in the revolution, and who was made a prisoner at Saratoga and died soon afterward. With his mother, young Fraser followed the procession of Loyalists to Canada, and at sixteen entered the employ of the Northwest company. In 1805 he was dispatched to the country beyond the Rockies to trace a route for the company, and it was while on this trip that he discovered the great river which bears his name.

The first appearance of the city of Victoria, B.C., in the pages of history was as the gathering place of the British, who assembled on the site of the future pale-face municipality to celebrate their trial feast. Victoria became the capital of the province of British Columbia on May 24, 1868, and of the province when it entered the Dominion of 1871. The Indian name of the place was Camosun, and this name was adopted by the adventures of the Hudson's Bay company who made it their sunset post. The first English settlement on Vancouver's Island was made in 1781. The island was seized in 1782, but it was soon restored to Britain by Capt. Vancouver, whose name was given to the island. The modern city of Victoria was founded in 1837, and it early attained some importance through the discovery of gold on the neighboring mainland. After the gold rush subsided Victoria became a sleepy old English town, but in the last decade it has awakened to its commercial possibilities and has developed into one of the most prosperous and progressive cities of western Canada.

Over 100,000 persons make a living out of fishing in British Columbia waters.

WAS TROUBLED WITH Weak and Dizzy Spells. Heart Would Beat Something Awful.

Those feelings of weakness, those dizzy spells which come over people from time to time, are warnings that must not go unheeded. They indicate an extremely weakened condition of the heart and a disordered state of the nerves. One dizzy spell may pass off, but eventually they will come frequently, and at the same time more serious. Those who are wise will start taking Milburn's Heart and Nerve Pills before their weakness becomes hopeless, for they have no equal for restoring the heart to its usual strength, and making the nerves firm and steady. Mrs. Len. Kinney, Moose Mountain, N.B., writes:—"I was troubled with weak and dizzy spells, and my heart would beat something awful. I got so I had those spells every day. I got so I would try one medicine, and then another, but nothing did me any good until I got Milburn's Heart and Nerve Pills. I can safely say they did me more good than anything I ever took. For I feel like a very different woman. My heart often asks me what I am doing, and I always say 'Milburn's Heart and Nerve Pills.' I sell all my friends who say their heart troubles them, to take your pills."

Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers, or by mail on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Why Your Stomach Hurts

Some Common-Sense Advice

BY A DOCTOR

Pain in the stomach, variously called indigestion, dyspepsia, flatulence, heartburn, stomach-ache, etc., is usually attributed to some unusual ailment, when in fact it is the result of a normal or diseased condition of the stomach itself. Nothing, however, could be farther from the truth. Nine times out of twenty the stomach is absolutely healthy and normal, the pain and discomfort being entirely due to the acidity and fermentation of food which irritates and distends the stomach, although if this condition is allowed to run on, in time the constant irritation of the acid is likely to eat into the stomach walls and produce ulcers and sometimes cancer of the stomach. Medicine is useless in such a case. The acid and fermenting food must be removed by a stomach pump or an emetic, or you must neutralize the acid and stop the fermentation by taking a teaspoonful of bisulphate of soda in a little water; this latter is far the simplest and the most reliable. Bisulphate of soda almost immediately neutralizes the dangerous acid, and by correcting the food conditions, even a weak, weak stomach to digest almost any food without difficulty. Physicians advise that bisulphate of soda should be kept in every home and a little taken after every meal when there is a tendency to food fermentation is shown.

26 CATTLE IN 50-FOOT DROP IN THE DARK

Lewiston, Idaho, May 23.—Precipitated from a cliff fifty feet high, 26 cattle were either killed outright or suffered broken backs, legs and ribs, near the Wenaha forest reserve, according to a story told him by Ray Heister, who returned from his ranch in Washington, adjoining the reserve. A two-week-old calf which went over the cliff was unharmed. Mr. Heister said: "The animals were being taken to summer pasture by men living in the Anacostia district. After camp had been pitched for the night the cattle started to move, and those in charge of them started to head them off. In the darkness they did not see that the animals were on a blind trail which led up to the edge of the cliff. When the cattle were bunched near the verge the drivers, not realizing the situation, began to crowd them and they began to go over. Then the drivers went around to the head of the trail and turned them back. The drivers appealed for help to myself and others in the neighborhood and with ladders we helped to draw the injured animals to a level spot, where the owners tried to attend to them. I advised them to shoot them but they refused."

The owners then tried the crudest kind of surgery that was not only useless but barbarous and cruel. Washington is to have a new municipal hospital.

Dr. Morse's Indian Root Pills

Is the direct and inevitable result of irregular or constipated bowels and clogged-up kidneys and bladder. The unaltered food and other waste matter which is allowed to accumulate poisons the blood and the whole system. Dr. Morse's Indian Root Pills act directly on the bowels, regulating them, clearing the kidneys, giving them ease and strength to properly filter the blood—and on the skin, opening up the pores. For pure blood and good health take

Accident and Sickness

TODAY'S BIRTHDAY PARTY.

Mme. Nazimova, Famous Actress, 55 Today a Native of Crimea.

Crimea, the scene of the European war of 1854, when England, France and Turkey combined against Russia, was the birthplace 35 years ago today of one of the most popular of modern actresses, Mme. Alla Nazimova. It was in the little village of Yalta, on the black and barren shores of the Black Sea, that Alla Nazimova—to give her her true Russian name—first saw the light. Her childhood was spent in Geneva, Switzerland, where she received her early education and learned to play the violin. At the age of 12 she returned to Russia, and it was in her native village that she made her first public appearance as a violinist.

While in Switzerland the girl had mastered French and German, and upon returning to her native land she soon became proficient in the Russian language. At 12 she entered the conservatoire at Odessa, to take up the study of the violin. She had great natural ability as a violinist, and must have become famous as a musician had she adhered to her early ambition. At Odessa she soon determined to become an actress, and took up the dramatic course, which she completed in three years. She was then sent to Moscow, and what was of greater worth, the praise and approval of Stanislavsky, the celebrated Russian actor and director.

She was only 17 when she became leading woman of a stock company at Kostroma, in northern Russia, and during her first season on the stage she played nearly 200 different parts. In 1902 she made her first metropolitan appearance in St. Petersburg. In the Russian capital she played Camille, Zaza, Trilby, Hecuba, and other stellar parts, and with such success that she was hailed by the critics as one of the greatest of Russian actresses.

Except for her devotion to principle, Mme. Nazimova might never have been known outside of Russia. Ten years ago she planned to produce in St. Petersburg a play entitled "The Chosen People," but the racial views it expressed were objected to by the censors of the Czar's government. With Paul Orlenev, a distinguished Russian actor, Mme. Nazimova went to Berlin.

Bad Blood

SMOTHERING OF ASTHMA STOPS QUICK

THOUSANDS CURED BY "CATARRHOZONE"

Count Ten—Then Relief Comes From Chronic Asthma

Nothing yet discovered can compare with Catarrhzone in bad, ugly cases of Asthma.

Catarrhzone is the one remedy that can be sent quickly and direct to all parts of the breathing apparatus. The effect from Catarrhzone is a quick one—you feel better in no time—keep up the good work, use Catarrhzone as directed and you get well. If your case is curable, if anything on earth can give you permanently of asthma, it will be Catarrhzone. It contains that strangely soothing and

powerful antiseptic found in the Gum Tree of Australia, and this is fortified by other germ-killing properties which, when so scientifically combined, make Catarrhzone a veritable specific for Asthma, Catarrh and Bronchitis. Even though many other remedies have failed—even though you are discouraged and blue—cheer up and try Catarrhzone today. What it repeatedly has done for others it will surely not fail to accomplish for you. Catarrhzone is not expensive. One dollar will buy a complete outfit from any Druggist. The money will be well spent because your immediate improvement in health will surpass your fondest expectations. Don't wait today is the time to use Catarrhzone.

EX-MAYOR EVANS DECLARES THIRTY ACRES SUFFICIENT

Winnipeg Stock Yards Com-
prise Only Twelve and a
Half Acres.

CANNOT FORCE PACKING
PLANTS TO GO ANYWHERE

Mayor McNamara Favors For-
mation of Company Un-
der City Control.

Sanford Evans, ex-mayor of the city of Winnipeg, arrived at the city hall at 9 o'clock last night and the council adjourned to the commissioners' board room to hear Mr. Evans' opinion in connection with the question of the establishing of a municipal stock yards in this city.

Mr. Evans came to Edmonton upon private business and also to investigate as requested and give his opinion as to the most suitable site for a union stock yard. He came to Edmonton at his own expense and in company with Mayor McNamara made a personal inspection of the proposed sites this afternoon.

Thirty Acres Enough
"I do not think that this city needs more than 30 acres for stock yards. In Winnipeg we have 232 acres but we only use 12 1/2 acres and that is a lot more than we require for actual stock yard purposes," stated ex-mayor Evans.

"I am not an expert along this line, but I am able to give any information that I am able to. It would probably be better if the aldermen would ask questions and then we would be able to get at the points most vital," he stated. After being introduced by McNamara, for over an hour the aldermen asked questions and then we would be able to get at the points most vital," he stated. After being introduced by McNamara, for over an hour the aldermen asked questions and then we would be able to get at the points most vital," he stated.

Cannot Move Plants
In answer to several questions from the mayor and aldermen he said: "All the leading packing cities' yards are in the vicinity of the packing firms. It is in Winnipeg \$5 a car for re-shipping and re-switching charges from the stock yards to the River. Canadian company. The chief trouble in locating away from the packing plants is in the cost of the boxes. I am told that they are considerable in weight by this method."

We have 12 1/2 acres at present for pens and that is more than we require. You can't run stock yards without packing plants. In Winnipeg the government only guarantees the bonds of the stock yards company necessary to build the public abattoir. If you locate

THE OLDEST MAN LIVING

If asked about his corns would say they didn't bother him because he always used Putnam's Corn Extractor. For fifty years "Putnam's" has been the favorite because painless and sure. Try only "Putnam's" 25c. at all dealers.

apart from the packers they are hard to move as we are finding out in Winnipeg now.

Winnipeg's Position

"Thirty acres would provide for a very large number of stock and twice as much as we need at present or will need for some time. We are finding out that the local conditions cannot in any way control the location of the packing houses. The city of Toronto has expended much money in a public abattoir and they are not getting much benefit from it."

In the Winnipeg yards 12 acres are controlled and all these improvements cost a lot of money. Not many houses are situated around the stock yards in Winnipeg, but a good many people live around the yards in Chicago.

There are no big packers on the city as yet in Winnipeg, and I would suggest that you consider that the railways and packers are the biggest factors and must be considered before picking a site, as the packers are the chief market. I do not think it economical to drive cattle any distance. I do not believe you could force or drive the packers to patronize the yards.

Mayor Favors Company

Mayor McNamara was in favor of the formation of a company, 49 per cent of the stock to be held by the packers and railways and the balance by the city. He stated that the Grand Trunk officials, though they had considerable invested in the Winnipeg proposition and claimed to have got nothing out of it, were not averse to the distribution of steam for heating purposes and purchase electricity from such a company. The matter was referred to Commissioner Chalmers.

Street Widening

The Edmonton Tennis and Bowling company protested against the city widening 122nd street on account of the running of one of the courts. Upon motion of Alderman Clarke the city solicitor and claims agent were instructed to take the necessary action to acquire the property.

Several protests against the widening of 24th and Kirkness streets were referred to Commissioner Booth for attention.

A lengthy communication from the city solicitor in connection with the bill-board by-law was laid on the table until a special meeting of the council is called by the mayor in order that the parties affected may be given an opportunity to be present and express their views.

Paving Program

Secretary English submitted a report in connection with the advertising of the paving program for 1914.

The report states that the advertising of this work does not necessarily mean that the works will have to be constructed this year, but if advertised immediately, it will avoid any unnecessary delay in proceeding with the work. The report was adopted.

A Report was received in connection with the complaint of certain teamsters that J. C. Ulen, contractor on trunk sewer work, is not paying the stipulated wage. It is stated that this firm is only paying fifty cents an hour whereas the contract calls for sixty cents an hour. The report was laid on the table until next meeting when Mr. Ulen will be present to state his side of the case.

Relief Department

According to a report from the commissioner of health and safety, there were 55 cases ascertained during the month of April by the civic relief department. 2,513 meals and 789 beds were provided, 144 articles of clothing distributed, 24 articles of furniture, and \$575.40 was received in refunds. The total expenditure for this department, outside of salaries, was \$1,553.30. The report was filed.

Penmanship Diplomas

Over 30 students of Alberta College, First street, have been awarded special diplomas for excellence in Penmanship by the Business Journal of New York City.

Diplomas have just been received in-
sued to six students trained by Mr. D. Elston, Principal of the Commercial department. The students so honored are:
Bessie Aldridge, Angie Lendon, Winifred Horrocks, Henry A. Treco, Russell Brownfield, A. G. Laffleur.

Fish guano as a supplemental food for cattle, hogs and poultry is coming into general use in Germany. Some large French insurance companies keep records of the teeth of their clients to insure identification after death.

PAVING PROGRAM FOR 1914 TO BE ADVERTISED NOW

Work May Not Be Proceeded
With, But Action Taken to
Save Delay.

TEAMSTERS ALLEGE NON-
UNION WAGES BEING PAID
City Relief Department Has
Busy Month; 558 Cases
Assisted.

At last night's adjourned meeting of the city council very little of the city's business was transacted owing to the fact that the meeting dissolved at nine o'clock to hear ex-mayor Sanford Evans of Winnipeg in connection with the union stock yards.

From eight o'clock until eight-thirty the question of the "Gang of Wolves" was the chief topic of discussion, and for the remainder of the time original communications were considered and a couple of commissioners' reports.

W. E. Skinner, consulting engineer, had a communication before the council asking the city if they would consider the granting of a franchise for the distribution of steam for heating purposes and purchase electricity from such a company. The matter was referred to Commissioner Chalmers.

COMMISSIONER THINKS RAT CREEK LOCATION FOR INCINERATOR BEST

The following report from the commissioner of health and safety was submitted at last night's meeting of the city council and laid on the table until next Tuesday night for further consideration.

"In my report No. 316 of March 13th, the necessity of arranging for a new and larger incinerator was pointed out, and the decision of your honorable body was that the report be adopted, and the necessary steps taken to prepare a by-law, same to be submitted to the burgesses at the first election following the one to be held on April 6."

"As you know, the present arrangements are but temporary and may fall at any moment. I am desirous of having plans and prices submitted to you as soon as possible, but it is first necessary that you definitely decide upon the location of this plant. The most favorable sites are at or near the present site at Rat Creek, or in our industrial sites at Berchemount, and I respectfully request that you decide that this new incinerator will be built at Rat Creek, as it is more central and will work to better advantage as to unloading and possible sale of power, etc."

GRAFT OFFICERS FOUND GUILTY: SENTENCE MONDAY

London, May 23.—The trial of the men, civilian and military, accused of conspiring to defraud the government in connection with the army mess contracts came to a sudden close this evening. The civilians accused were all found guilty, whereupon the soldiers similarly charged pleaded guilty. They will all be sentenced on Monday.

The sentences will likely be salutary ones, with the object of showing that the war office is determined to put an end to the system of "graft" which has existed for many years. Similar prosecutions in connection with the supplies to the navy are talked of.

Several delay in proceeding with the work. The report was adopted.

A report was received in connection with the complaint of certain teamsters that J. C. Ulen, contractor on trunk sewer work, is not paying the stipulated wage. It is stated that this firm is only paying fifty cents an hour whereas the contract calls for sixty cents an hour. The report was laid on the table until next meeting when Mr. Ulen will be present to state his side of the case.

Redfern Corsets

The fashionable woman knows that her figure is made by the corset. She may have beautiful natural lines from the artist's point of view, but she knows that her form must be modelled by the corset into the contour which is the mode.

On the boning of the fashionable corset rests the shaping power. The corset cannot take the natural figure and shape it into fashionable lines without a boning capable of the most sinuous curves.

REDFERN WHALEBONE CORSETS represents the best there is in corset designing and making.

Every part of the figure in a Redfern is relaxed. This pliancy, while not due to any one feature, is largely due to the nature of the boning, which is the rarest whalebone.

There never has been a boning to supplant whalebone for fine corsets, nor is there a boning substitute that has the excellent lasting quality of whalebone. You may pay from \$15.00 to \$35.00 for a corset that is custom made—the trimming may please your eye, but the actual shaping and wearing do not compare with the Redfern WHALEBONE CORSETS, which cost from \$3.50 to \$12.00 per pair

THE GAY WORLD.

Earl Grey, former governor-general of Canada, continued his journey across Canada, after being confined to his room at the Royal Alexandra, Winnipeg. His illness was due to a cold. He was accompanied by Countess Grey, Lady Sybil Grey, Lady Evelyn Jones and Lawrence Jones.

Neville R. Lindsay of Edmonton has passed his examination for the LL.B. degree at the University of Alberta.

The Misses Leslie and Iva Newton of Winnipeg have come to visit their sister, Mrs. Ralph Douglas.

Miss Greta Simpson, of Minneapolis, formerly of Winnipeg, is renewing old acquaintances by a brief visit to the city.

Mrs. F. H. Johnson of Camrose, attended the musical festival in Edmonton this week.

Mrs. I. Z. Halls, Camrose, visiting friends in Edmonton, is detained here for an indefinite period on account of illness.

Mrs. H. Montgomery of Wetaskiwin secured the gold medal as soprano soloist at the Edmonton musical festival.

C. G. Cornille of Camrose will be in Edmonton next week writing on the intermediate law examinations.

Mr. and Mrs. Alex Pantages, Seattle, are guests at the Empress Hotel in Victoria, having come over to be present at the opening of the Pantages in Victoria.

Very many friends will regret to learn of the death of Mrs. J. H. Johnson, which occurred at her home on Twenty-second street yesterday. Mrs. Johnson had been ill for two months. She was a daughter of the late A. R. McPherson, of London, Ontario, and had been married scarcely three years. Sincere sympathy will be extended to Mr. Johnson and to her mother, who has come to Edmonton to make her home since the death of Mr. Johnson.

The marriage took place in the church of the Good Shepherd, Calder, on Wednesday of Miss Eleanor E. Stiles and Mr. Arthur Rogers, Rev. A. E. Bond officiating.

Mr. Reed Redmond of Montreal, who is to marry Miss Edith Shaughnessy on June 2, is a nephew of Mrs. Milton Martin, of Edmonton and a nephew also of Mr. James Redmond, one of the directors of the Royal Bank. He is a western boy, having been born in Victoria, B. C., a son of the late William H. Redmond of that city.

Try Skin Absorption Instead of Cosmetics

The constant use of rouge and powder invites a coarse, rouged condition of the skin, eruptions, pimples, freckles, wrinkles. If you learned this from experience, suppose you would rather try the following:

Ask your druggist for an ounce of ordinary vasoline and use it as follows: Rub it off in the morning, keep it up for a week or two. The wax will literally absorb the coarse, rouged or impure skin, leaving the clear, velvety, naturally tinted skin comes to the surface. And vasoline makes a face bath by dissolving in a cup of powdered talcum, or in warm water. This has remarkable astringent and tonic properties, and beneficial results quite quickly.

Daily Fashion Takes BY MAY MANTON

A FASHIONABLE EVENING BLOUSE

The V-shaped neck is to be the prevailing one for evening blouses this winter. This one can be made in that way or with a guimp cut higher and finished with a square neck to become adapted to less formal occasions. In common with all the newest and smartest bodices, it is very simple, cut in kimono style, but it is arranged over a guimp lining and this lining can be made with or without under sleeves.

DESIGN BY MAY MANTON.

SONS OF ENGLAND TO HOLD CHURCH PARADE TOMORROW

Every Englishman in the city, and particularly members of the Sons of England Society, will have a splendid opportunity next Sunday afternoon of honoring the memory of our late Queen Victoria by taking part in the church parade in service which has been arranged by the Strathcona lodge of the S.O.E. in conjunction with the members from the north side of the river.

Not only is it the duty of every member of the society to endeavor to be present on this occasion to assist in making the parade one of the most impressive in point of numbers that has ever been held in Edmonton, but the opportunity for a large number of Englishmen to attend divine service in a body and listen to an address which will appeal to every man who hails from the old land should be looked upon as a privilege.

All south side S.O.E. members, and any other Englishmen who would like to join the procession, are requested to be at the south end of the high level bridge by 3 o'clock. Bros. Harry Wells and J. W. Turner who have had charge of the parade in previous years will again act as marshals. The north side contingent who are marching over from their Lodge room, Douglas block, via Jasper avenue and the high level bridge will be met here. The local troops of the boy scout with their bugle bands will also meet at this point, and the combined procession, headed by the Strathcona band, will then proceed south along Fifth street west to Whyte avenue and thence east to Holy Trinity church on Third street east.

Bro. Rev. C. Caruthers, at whose invitation the Sons of England are attending Holy Trinity, will deliver the address. At the request of the members the collection will be offered to the church building fund and we feel sure that this deserving cause will meet with a hearty response from all who are acquainted with the picturesque and handsome edifice which was opened last summer.

A Maid and Her Money.

Said the Maid: "A new spring suit I buy, Although I really ought to try To do without, for the price is high."

Said the Purse: "What of life's rainy day?"

Said the Maid: "I've a raincoat, anyway."

"And a hat, of course, I think a blue— With a russet wreath and a bow of two— For a cheap one with my suit won't do."

Said the Purse: "How about your last year's hat?"

"Oh, I'd look a fright," said the Maid, "In that." "And shoes, with Spanish heels, and neat— Cloth uppers to encase my feet— Will make my costume quite complete."

"Hold on," said the Purse, in a voice grown weak, "Just as long," she said, "as you can speak."

"Besides new gloves and a blouse or two, Of pretty, lacy things a few— Do say that you will see me through, For just as the eager words she cried, The voice in her pocketbook moaned and died."

—By Lella E. Brennan.

King of Dreams.
Some must delve when the dawn is nigh,
Some must toll when the noonday beams;
But when night comes and the soft winds sigh,
Every man is a King of Dreams!

One is slave to a master's cry,
Another sent to a desert sea,
But when night comes and the discord die,
Every man is a King of Dreams.

Every man may sell and that you may buy,
And has you may harter for gold that gleams,
But there's one domain that is fixed for aye—
Every man is a King of Dreams!

—Clinton Scollard.

Rheumatism
Muscular and inflammatory and swollen joints, pains in the back, neck, promptly relieved. This potent, penetrating, and penetrating ointment, drives out the disease and establishes a normal condition. The standard remedy for rheumatism for a generation.

Dr. Thomas' Eclectic Oil

CHURCH NOTES

At the First Baptist church tomorrow morning Rev. A. M. McDonald will preach from the subject, "Mourning the Increase of Sinners." In the evening Mr. McDonald will give a Victoria day address on "The Strength of Empire."

The subject of tomorrow's lecture at the New Thought temple will be "The Mind and Its Healing Powers." Following the lecture the health circle will hold its session. Both meetings are free to all.

Rev. Dr. R. A. King of Robertson college will preach in the United Presbyterian church, Carey street and Willow avenue tomorrow at 7.30. The pastor, Rev. J. E. Dunlop, B.A., will preach in the morning.

The beauty and solemnity of the Anglican confirmation service was clearly evident on Sunday evening last, when Bishop H. A. Gray paid his first visit to St. Mark's church, since his elevation to the bishopric. The bishop's consecration will be taken, and the candidates to be admitted to the church, will be confirmed and the large congregation, which St. Mark's congregation enters into all the services held in the church, was, if possible, more pronounced on Sunday last than usual. The candidates were prepared by Rev. W. H. Davis, who assisted the bishop in the service.

"The Origin of Satan" will be the subject taken by Evangelist J. J. House of Vancouver, B.C., in the Gospel hall, Boyle street, between Ottawa avenue and Syndicate tomorrow at 7.30.

A sale of work and social will be held in St. Mark's church, corner of Churchill avenue and 11th street, on Wednesday next at 7.30 p.m. A collection will be taken. A hearty invitation is extended to all St. Mark's parishioners and friends. Refreshments will be provided by the ladies of St. Mark's.

F. M. Whittaker, former secretary of Y.M.C.A. work in Mexico, will speak to the men's meeting at the Y.M.C.A. on Sunday afternoon at 4.15.

The pastor, Rev. Dr. V. L. Armstrong, will preach at both services at the Methodist church tomorrow. At the morning service he will take for his subject, "The Great Light of Human Eyes," and in the evening the very timely theme, "Treasures of Ourselves." At the evening service a special program will be rendered by the choir, including a solo by W. P. Bell, who will sing a solo who carried off the prize at the musical festival held in the city this week.

The music at Wesley church tomorrow will be as follows: Morning service, "I could not do without Thee," evening anthem, "One sweet solemn thought"; duet, "So Thine Lifting Thy Voice, Petherton," George Curtis and Hayden Morris.

At the Unitarian church, corner of Jasper and Third, Rev. C. F. Potter will speak tomorrow at 11 a.m. on "Laid's Wife." At the forum at 8 p.m. F. A. Smith, who has just returned from England, will speak on "The Lloyd George Reform."

Chosen Friends To Meet
A regular meeting of the Canadian Order of Chosen Friends will be held on Tuesday next in the Moose hall at 8 o'clock. Members are requested to attend to please turn out at this meeting as important business will be dealt with. All members are requested to keep paid up as they depend themselves by delay. The grand organizer expects to be here about June 15. Members are requested to attend to their duties and help by keeping paid up and avoiding any suspensions.

Hints, Helps and Hints
Facts are the best bosses. Egotism is a natural deceiver. Truth is not a matter of opinion. Few men are causes; most of us are effects. The most startling discovery a man makes is himself. Through much of their lives most men wander in a maze of hypotheses. Controversy is confusing at the outset, but candor on all sides brings peace. Suffering from rightly interpreted is educative—the road for the feet to back. Tell your young folks to pack their brains with useful knowledge; "There is a room at the top."

Every call of duty is a test of fitness. If we could see it, our fidelity might be largely increased.

Get and share is good; get to share is better. For a generous purpose is better than a generous afterthought.

FRECKLES
Don't Hide Them With a Veil; Remove Them With the Othine Prescription. This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this Othine that is sold on the money-back guarantee.

Coffee and Baking Powder

Has your morning cup of coffee a full rich flavor and delicate aroma? If not ask for BLUE RIBBON Coffee when giving your next order and notice the difference. You will be agreeably surprised. Blue Ribbon Tea, Coffee, Baking Powder, Spices and Extracts all one grade—the best.

LIFE SIZE STATUE OF VENUS FOUND IN NORTH AFRICA

Rome, May 21.—A life sized statue of Venus has been found by excavators near Cyrena, north Africa, which in the early century was the scene of Greek culture. The statue, which dates back to the sixth century, the time of Ptolemy, the celebrated Greek sculptor—is of Varian marble and once stood in the temple of Apollo. The head and arms are missing, and the excavators are continuing their search in the hope that they will be found. The Venus, which is considered a masterpiece of Greek sculpture, will be brought to Rome in June and placed in the National museum.

BLUE AND GOLD ARE COLORS FOR TODAY'S RACING

Beautiful Weather Heralds
Opening of Edmonton
Spring Race Meet.

TRACK IN FINE SHAPE:
FAST TIMES EXPECTED

More Horses Than Ever Before
Are Stabled at Exhibition
Grounds.

The blue and gold of the Edmonton Exhibition association is again in evidence announcing the opening of the Spring Race Meet today, and when the blue and gold is out, it promises especially interesting events on the Exhibition grounds.

The colors have been shifted from the pavilion to the race track, and with them the enthusiasm and work that went to making a success of the Horse Show.

More horses and better horses than ever before gathered together in Western Canada for a race meet are stabled on the grounds, anxiously waiting the signal to make their appearance, and the perfect condition of the track will, afford them an opportunity of doing their best.

While there will be no formal opening, the races will commence at two o'clock today, and the program is one of unbroken interest. The 10:15 band will be in attendance, and with fair weather there will be nothing lacking which might add to the afternoon's enjoyment.

This afternoon being a holiday with many, and Monday, Victoria Day, a holiday for everybody, no one need go

out of the city to find amusement, and the management look for large attendance on these days, while by Tuesday, the last day, those who have previously attended will be sufficiently enthused to insure a greater crowd than before.

A special car service has been arranged, and visitors need only look for the cars placarded "This car for the race" to find comfortable means of reaching the grounds.

Selling Race Today.
The sixth race on the program of the race meet for today in which the conditions were not named, has been a selling race, \$200 top and bottom, five furlongs, fifteen lbs. below scale.

The object in not naming the conditions of this race at the time the program was published was to be able to make a race each day suited to horses on the grounds. The popularity of this race is evidenced by the fact that sixteen horses paid their entries, and will go to the post.

For Monday the sixth race will be the same, except that the distance will be 5 1/2 furlongs, and the weight ten pounds below scale, instead of 15 lbs. The racing committee are also adding a \$200 purse for three-year-olds, 4 1/2 furlongs, five lbs. below scale. This race will be run on Monday and will make seven races for the holiday.

Moore Band at East End.
The Moore Band will give their first Sunday afternoon concert in the East End park tomorrow commencing at 2:45 p.m. Below is the program that will be rendered, carefully chosen to suit the taste of everyone.

March, Regatta Worrell
Overture, Sounds from England Langley
Waltz, Heart Murmurs Ralph
Trombone Solo, Goodbye Toxt
(Bandman's Note)
Selection, Little Cafe Caryll
Intermezzo, Dew Drops Armstrong
(Solo) (a) Dreamland (Solo) Moon
Melodie (Solo) Billy Bell Rotford
Selection, Prince of Pilsen Laderer
Waltz, March Danza Rausner
Selection, Henrich's Hiss Lunge
March, Our Director Biglow
G. A. Sloan, Director

ENTRIES FOR TODAY'S RACES.

Following is the list of entries and time of each race for today's races at the exhibition grounds this afternoon:

2:00 p.m. First Heat 2 1/2 paces.

Seventh Race
Running, 7 Furlongs Dash; Purses \$200.
Conditions—All ages, scale weight. \$120 to the winner, \$50 to the second, \$25 to the third.

Seventh Race
Running, 7 Furlongs Dash; Purses \$200.
Conditions—All ages, scale weight. \$120 to the winner, \$50 to the second, \$25 to the third.

Seventh Race
Running, 7 Furlongs Dash; Purses \$200.
Conditions—All ages, scale weight. \$120 to the winner, \$50 to the second, \$25 to the third.

CONVALESCENT FUND OBJECT OF EMPIRE DAY CELEBRATION

All arrangements have been completed to make Empire Day celebration at the Edmonton "golf links a success. No effort has been spared by the committee in charge to make this so, and in this they have been ably backed by the Daughters of the Empire.

The proceeds of this celebration will go towards the proposed convalescent home. This fund was first started last year when on May 24 a celebration somewhat similar to the one that is being planned for this year was held, only on a smaller scale. It is understood that there are several hundred dollars in the treasurer's hands from this.

It will be necessary to have a badge before being admitted to the grounds, these will be obtainable from the Daughters of the Empire, the Boy Scouts and also at the gate. Programs have already been distributed and contain a fine list of sports of all kinds, military, police, civilian and juvenile. Among the list of judges are His Honor Lieutenant-Governor Bullock and Bishop Gray.

Arrangements have also been made to feed the crowds and all refreshment booths will also be on the grounds to cater to the wants of all. Taking everything into consideration it will be found that nothing has been left undone that might possibly help in making the day enjoyable for all, besides having a good time, everyone attending and helping to the cause of the convalescent fund.

The following is a synopsis of the program:
100 yards dash, open to 101st in full uniform.
Obstacle race, open to Scouts and Cadets.
Mounted test pegging, open to military.
100 yards dash, open to military.
Lemon cutter, open to military.
100 yards dash, open to band representatives with instruments.
220 yards dash, open to inter regimental.
Tilting the bucket, mounted, open to all.
Tug of war 101st and 19th.
Tilting the bucket, unmounted open to all.
V. C. race, mounted, open to military and police.
Thread needle race, open to ladies and gentlemen.
V. C. race mounted, open to military and police.
Three-legged race, open to Boy Scouts and Cadets.
Wheelbarrow race, open to military and police.
Mounted Whistling, teams of four.
Tug of war, mounted teams of four.
Race for foot, cycle and horse.
Race for girls, handicap school children under fourteen.
Race for boys, handicap school children under fourteen.
Ladies' pony race open.
Stretcher bearer race, open to Boy Scouts.

Franklin Sale Increases
Franklin business for the first three months of 1914 shows an increase over the corresponding months of 1913 of 93 per cent.

Conditions with the Franklin have been unusual for the past six months. The factory has been running under heavy pressure and has been unable to get within a couple of weeks of its schedule for shipping cars. The factory has been unable to supply all of the dealers.

Actual money has been sent back to dealers in large sums for cars that the factory has been unable to supply. Usually to meet the rush of the Spring selling season automobile manufacturers and dealers have plenty of cars in storage. But not a single Franklin was put in storage this year and as fast as the cars were completed they were shipped to dealers.

CALEDONIAN GAMES CAUSING INTEREST

Army Howard and William Sherman Are Expected to Compete in Events.

(From Calgary News-Telegram.)
The Calgary Caledonian games will attract the finest gathering of athletes ever seen in this city is proven by the number of requests for entry forms received from such champions as William Sherring, the Olympic marathon champion; George Hepburn, of the "Y," Winnipeg; and Army Howard, of Winnipeg. The Edmonton cracker will compete in ever larger numbers than last year, and with the local men in training for some time, the very keenest competition is assured.

Should Prove Interesting.
Should the games of Winnipeg, enter for the five mile race against Sherring this event will be practically a championship and as a number of the local boys are doing fine time at present the race promises to be very close. Hepburn has won many championships, both in Alberta and Manitoba, his last success being the winning of the Telegram road race. It will be a real test of that he defeated, Decoteau in the half-mile at Edmonton.

Army Howard is another champion, and as he will be in the short distance events the class of racing will be raised considerably throughout. The Edmonton contingent look on the short distance events as their property, and this entry will undoubtedly add keenness to the races.

**KENNEL CLUB
TO HOLD SHOW
NEXT THURSDAY**

The Edmonton Kennel club are making arrangements to hold their second monthly ribbon show on Thursday next at 8 p.m., in the building at the corner of First street and Nelson avenue. This show will be confined to sporting dogs only (terriers barred) and is open to everybody, whether members of the Edmonton Kennel club or not. An entrance fee of 25c for each dog will be charged to study the efforts of the Kennel club members, and raise the standard of the breeding of good dogs. Everybody come along. Don't forget the time, the date and the place.

**SAM CRAWFORD
DOES NOT THINK
MUCH OF THORPE**

Sam Crawford, the famous slugger of the Detroit Tigers, does not think Jim Thorpe the Indian athlete, will set the world on fire as a ball player. Sam, who was on the world trip with Thorpe, and had a good chance to study the Indian, says that Thorpe is not a good hitter or a fielder. The only thing in his favor is his speed. He is not a natural hitter at all, but he gives the bat a little upward chop as he swings at the ball in a way that Crawford never saw any other player do before. Thorpe doesn't seem to have that baseball instinct that is so necessary for a big league player, says Crawford. He is a very cheap fellow for a man who has yet to prove that he is of big league caliber.

Many Firemen Injured
Chicago, May 22.—A hoare of fire men and spectators were injured, none fatally, when a single story of a west side building here yesterday. They were struck by debris precipitated by gas explosions. The loss was \$75,000.

Facts About Hughes Electric Stoves

Where are these stoves used?

The City of Edmonton Public Schools use them in their Domestic Science Classes. In Winnipeg, there are over three thousand of these stoves in use. The University of Chicago uses them in the School of Domestic Science. The Ohio State Normal College uses them in their School of Domestic Science. The British, India, South Africa, Japanese Governments, Argentine Republic, all use the Hughes Electric Stoves.

What would the average monthly bill be for a family of say, four or five in Edmonton? At 40 per Kilowatt, cooking Breakfast, Dinner and Supper for one month, bill would be approximately \$4.50.

The above will be **Effectively Demonstrated** at the Electrical Show this Week.

Electric Household Helps

ELECTRICITY is the model servant, always ready for any household task. Every woman approves the cleanliness, safety and convenience of electric household appliances. They save her miles of tiresome steps in cooking, ironing, sewing, washing and other household duties.

The electric way is clean—no soot or ashes. It is absolutely safe because there is no flame to endanger clothing and lives. It is convenient because electric devices are always ready for use.

Handsome in appearance and highly finished, Westinghouse Electric household appliances are an ornament to any dining table. As presents they are highly appreciated.

Another point—each piece of Westinghouse Electric Ware described in the following pages has its own individual heater. There is no waiting—all can be used at once.

Westinghouse Electric Ware has won an enviable reputation in the household for the same reasons that Westinghouse Electric power motors, transformers, meters, generators and other machines are considered the best in all industries—Westinghouse goods are built to last.

Housework is a Real Pleasure When You Use Electricity for Home Cooking

Do you realize the convenience, the cleanliness, the real economy of electrically heated household appliances? And do you know you can have them as willing servants, doing your bidding—your ironing, cooking and heating?

Look over the list of electrically-heated appliances at our store. Any of these can be used on a lamp socket. Simply take off the light bulb and screw in the socket plug which is furnished with the appliance. On the other end of the flexible cord is a switch plug. Push this into place and immediately the appliance begins to heat. Instantly—pull out the plug—and the flow of current stops—also the expense!

So you see the cost of using these appliances is very low indeed. It is hardly to be considered when one also includes their great convenience and handiness.

Convenience and economy, however, are not the only things—think how cleanly and sanitary they are—

—think how much better coffee is when percolated in an electric machine—how crisp and appetizing the toast is, that's made on an electric toaster—and as for chafing dishes—well, you'll never really know the pleasure of using a chafing dish until you have tried El Chafé.

Now you can afford to do your regular cooking by electricity. EL GHOSTOVO makes this practical for the first time.

This new Hotpoint Stove, which utilizes the glowing coil-and-reflector heater, is so effective with so little current that it does the kitchen cooking with the small amount of current from any lamp-socket.

Notwithstanding this, it sells at a lower price than any other electric stove of equal capacity.

The Passing of the Household Drudge

There is an old saying that a woman's work is never done. There is no six o'clock whistle for her.

That's true; there are duties and responsibilities in the household that go right on for twenty-four hours a day; and yet—

The household drudge, the woman who slaves from morning till night with never an hour for herself, is rapidly becoming a thing of the past.

A woman has no right to make herself old and careworn with hard manual labor nowadays, because—

There are better and quicker ways of doing things; ways of saving time, lightening labor and doing away with household drudgery.

Most women today find time to spend a few hours now and then at church, at the club, visiting friends, attending a matinee or in other enjoyable or profitable ways.

These women are mostly good housekeepers because they know how to attend to the housework and to do it right with the least expenditure of time, energy, and money.

be carrying on another operation above the coals, baking your cakes, frying your potatoes, etc.

Chops
Chops are broiled in El Grillo the same as cutlets except that ordinarily they are not breaded. Turning occasionally will prevent all loss of the rich juices of the meat.

Spaghetti with Tomato Sauce
Cook the spaghetti in boiling water for twenty or twenty-five minutes or until tender. Stir in half a can of tomatoes with a small piece of bay-leaf and if you want a smooth sauce strain through a sieve, but this is unnecessary. Add one teaspoonful of sugar and one teaspoonful of salt, one teaspoonful of onion extract and paprika to make it as hot as desired. Stir in one tablespoonful of corn starch dissolved in cold water and one tablespoonful of butter and let it boil up. Turn this sauce over the spaghetti and sprinkle a teaspoonful of grated cheese over the top.

To Discuss British Reforms
The Lloyd George reforms will be the subject to be discussed at the people's Forum, tomorrow evening in the Old Presbyterian Church, at the corner of Third and Jasper, Edward A. Smith who has recently returned from England will lead the discussion. Massachusetts has 60,324 registered autos.

Hughes Electric Hot Plates

Any woman finds cooking a great hardship in summer, if she has to stand over a hot stove in an overheated room. She can do away with the disagreeable features of stove cooking—the smoke, heat and glare—by putting an electric hot plate in the coolest spot—on the porch if she wishes—and working there. The woman who has an electric plate knows what it is to cook in comfort in hot weather.

Agents:
Burnham-Frith Co.

Steaks
A small steak can be broiled to perfection in El Grillo, proceeding the same as for chops. Hamburger steak can be either broiled below the coals in the deep pan or fried in one of the other pans above the coals.

Broils Bacon
Have the bacon cut about five slices to the inch. Place it in the middle pan on the corrugated tray so that the grease will run off. In about two minutes turn and in a couple of minutes more turn back to the first side. In five or six minutes your bacon will be perfectly broiled and free from grease. At the same time you can

PLACE YOUR ORDER FOR AN

Hughes Electric Range or Hot Plate

AT THE ELECTRICAL SHOW

Give Her an Electrical Stove That—

For your wife at last—an all-round electric range that does perfect work in every department of cooking. Just take a minute to read about it.

Roasts
Bakes
Broils
Stews
Simmers

Electrical Roasting At Last.

The Hughes Electric Range is the only electrical oven in the world that actually roasts as well as bakes. It immediately sears the meats, thus retaining all flavors and juices. Cuts down meat shrinkage 25 per cent.

Perfect Baking.

Your wife will tell you that irregular oven heat spoils even the best kneaded bread. Hughes Electric Range gives perfectly steady, easily regulated heat, making good light bread, crisp pies, etc.

Stewing. With the Hughes Electric Simmering Range, you can get not only high heat but also low, slow heat, proper for cooking corned beef, corn meal mush, stews, etc. In fact, every Hughes oven is also a perfect fireless cooker. Get your food hot, turn off the current, and the retained heat will cook the food.

No Smoke, Gas, Soot, Ashes.

The clean, comfortable Hughes Electric cooking has captivated the world. Kings, millionaires, and thousands of modest homes use the Hughes.

Hughes Electric Ranges

Give your wife more hours of comfort, leisure, and satisfaction at little or no cost over present methods. Come see this remarkable range.

And have it delivered and
installed by the

BURNHAM-FRITH ELECTRIC CO.

COOK WITH ELECTRICITY

Not many years ago women were cooking with wood and coal for fuel. Building the fire was an every day task. Then came the gas range, and one had only to strike a match, and the fire was burning. But what would our grandmothers have thought of cooking without either fire or flames! To start the cooking by turning a switch, to bake a cake in an oven heated by some mysterious current, instead of by open flames, would have seemed as impossible a thing to them as did the thought of flying to our grandfathers.

But cooking by electricity is now enough for every woman to be familiar with the old fashioned ways, with all the dirt and soot, bother and delay, discomfort and danger incident to flame cooking. And how she welcomes a relief from all these annoyances.

The woman who cooks with electricity works in comfort. The room is neither overheated by a hot coal range nor full of unpleasant fumes from gas. She builds no fire—doesn't even light a match. A turn of the switch and the heat is on.

OPENING

EDMONTON CITY DAIRY
(LIMITED).
Jasper Avenue Branch
108 Jasper E.

Beginning on Thursday evening, May 21st, our new Jasper Avenue Branch will be open for the service of the public of Edmonton. Band in attendance on the opening night.

You are cordially invited to visit us here, to ask questions and to learn all about E. C. D. Choice Dairy Products. When visiting do not feel under any obligation to buy. While we are always pleased to supply the wants of those who desire goods from our Jasper Avenue Branch, it has been established first of all to give information and to improve our facilities for giving superior service to the citizens of Edmonton.

E. C. D. products can be obtained from up-to-date stores throughout the city or from our established Retail Delivery Service. In case, however, you are offered something "just as good" or have other difficulty in getting E. C. D. products when you ask for them, just phone or call at our Jasper Avenue Branch and you will get good service.

NO DECISION YET ON AFFILIATION OF NEW ASSOCIATION

Recently Formed Organization
Possesses an Open Mind
on the Subject.

JOIN EITHER EASTERN
OR B.C. ORGANIZATION

Body Promises to Be of Great
Value to Business
Community.

The Edmonton Manufacturers' association, which was formed last week, is fair to become a body of considerable importance to the business community of this city. Norman I. McDonald, who was elected secretary of the local Manufacturers' association, is a Capital reporter of what he has done thus far. Mr. McDonald said: "I believe we are going to have an organization of real value to Edmon-
ton. When I was back East on my re-
cent trip I found the manufacturers
there were disposed to think that we
had overlooked something of import-
ance because we had no local manu-
facturers' association. Every city or
town of any consequence, in the east,
has such an organization, and it is only
natural that they should think us back-
ward in the promotion of our own in-
terests when we have failed to or-
ganize men who are engaged here in
Edmonton, in making goods for sale."

"This is a day of organization and
while there may not arise any condi-
tion which requires the manufacturers
of Edmonton to be organized for of-
fense or defense, it will certainly be a
good thing for us to get together and
talk over local industrial conditions. By
doing this, we are likely to be of con-
siderable assistance to those who are
endeavoring to induce more factories to
come to Edmonton. A man may know
a good deal about his own business and
have very little knowledge of what his
neighbor is doing."

"Every man who is engaged in man-
ufacturing ought to know as much as
possible about what is going on among
his fellow manufacturers. It helps him
to make his own business a success
and is surely a good thing for build-
ing up the general industrial welfare of
his city."

"I find it has been taken for granted
that the Edmonton association is going
to affiliate with the Canadian Manu-
facturers' association. This may be
true or it may be true that we should
act independently of that association.
There are some reasons why it would
be better for us to join with the British
Columbia Manufacturers' association,
an organization which has no affilia-
tion with the Canadian Manufacturers,
but which works along lines calculated
to serve the interests of British
Columbia."

"I understand that it was the inten-
tion of the British Columbia manu-
facturers to ask the other prairie
provinces to join with them in orga-
nizing for the forwarding of purely
western interests. This, so far as I
know, has not been done yet by the
British Columbia people, but I have
taken the matter up in my correspond-
ence and have written to all the prin-
cipal towns in Alberta, Saskatchewan,
and Manitoba."

"Of course, I know that the Winnipeg
association is affiliated with the Cana-
dian Manufacturers' association, but I
am not aware that there is any orga-
nization in any of the other Manitoba
cities or towns that has such an affilia-
tion. I do not wish to be understood
as saying that it has been decided that
we shall form a purely western asso-
ciation, but I wish it to be known
that the Edmonton organization has an
open mind in that respect and is, I be-
lieve, prepared to act according to the
determination of its members as to
what is really the proper course to
pursue."

ALBERTA HOMESTEAD MAP IS AVAILABLE FOR DISTRIBUTION

The 12th edition of a publication
which should prove of interest to
every person following the progress
of settlement throughout the province
of Manitoba, Saskatchewan, and Al-
berta is now being issued from the
railway lands branch of the department
of the interior at Ottawa. This recent
publication which is known as a
"Homestead Map" shows in a graphic
way the land situation up to the be-
ginning of the present year, also the
standing of each quarter section
throughout the three western provinces
according to the records of the de-
partment on the 1st of January 1914.
The map has been issued in three sepa-
rate sheets, the Manitoba and Sas-
katchewan having been published some
time ago and the Alberta now being
available for distribution.

Nothing conveys quite so forcibly to
the eye the rapid manner in which
land available for entry is being taken
up, as this map of many colors, illus-
trating as it does by a comparatively
simple system of coloring the stand-
ing of each quarter section at the be-
ginning of the present year.

In addition to the information re-
garding lands which have been home-
steaded or otherwise disposed of, the
publication contains complete in-
formation with respect to Indian re-
serves, timber berths, grazing leases,
post offices, railways, etc., through-
out the three provinces.

This latest edition of the homestead
map is being distributed free of charge
and a copy covering any one, or all
three of the western provinces may
be obtained upon application to F. C.
Lynch, superintendent of railway
lands, department of the interior,
Ottawa.

RUTHENIAN PAPER CONTINUES ATTACK

Attempt to Make Party Capital
Out of Education Depart-
ment's Policy.

ALLEGED TEACHER EJECTED
Held No Teacher's Certificate
and Could Speak Only
Broken English.

The Ruthenian paper, "Nowyzy"
continues its efforts to make capital
out of the conservative policy which
supports, out of the dismissal of
Ruthenian teachers without proper
qualifications who have been engaged
in some districts. One of these teach-
ers, named Stylik, was recently dis-
missed by the department and the in-
cident is described, according to a
literal translation in "Nowyzy" as fol-
lows: "There was coming unexpectedly
to the school where Mr. Stylik was
teaching Supervisor Fletcher with an-
other teacher, an Englishman, and
when the trustees refused to throw out
Stylik without a reason the depart-
ment of education instructed Fletcher
as an official trustee and Stylik was
compelled to leave the school."

The facts of the case as obtained
from Stylik, who has no teacher's qualifi-
cations for this province, and who
speaks broken English, was in charge
of Bruno school, No. 243. This was
discovered in the latter part of April
and Robert Fletcher, supervisor of
school among foreigners, acting on in-
structions from the department, called
upon the trustees, all of whom were
Ruthenians, and requested that they
employ a regularly qualified teacher
and informed them that he was able
to get a qualified teacher to take
charge of this school. They refused to
dismiss Stylik and on May 4 Mr. Fletcher
called on them again, having with
him this time a regularly qualified
teacher holding a first-class profes-
sional certificate for the province of
Alberta, and again asked that they
dismiss Stylik and employ the qual-
ified teacher. They again refused and
Mr. Fletcher thereupon drove back to
Jenifree, the nearest town, and tele-
phoned to the department. The min-
ister of education immediately signed the
order appointing him special trustee
and a telegram was sent to him notify-
ing him of the appointment. He re-
turned to the school and placed the
qualified teacher in charge.

Mr. Fletcher does not make any
inquiry as to the politics of teachers.
He is only concerned in their qualifi-
cations, their professional record and
character.

ACTION FOR ALLEGED
WRONGFUL ARREST GOES
OVER TILL JUNE FIRST

The hearing of the action for alleged
wrongful arrest brought by Paul
Rudyk, of Edmonton, against Andrew
Shandro, M.P., for Whitford, in the
supreme court, has been adjourned un-
til Monday, June 1. The plaintiff and
defendant were rival candidates in the
Whitford election and defendant had
the plaintiff arrested and charged with
forging a letter purporting to be from
the Hon. C. W. Cross, attorney gen-
eral. Plaintiff was discharged after
having been held for several days on the
charge.

Gives Edmonton as Home
Wainwright, May 22.—An unknown
man giving his name as George Wil-
liams of Edmonton was returned for
trial yesterday morning on a charge of
attempting to enter the Merchants
bank last night. S. James, manager
of the bank, was aroused and detained
Williams at the point of a revolver un-
til the police arrived.

Police Chief Removed
Blismark, N.D., May 22.—Chas. Hines, mayor and George Phillips, chief
of police, both of Hankinson, were
yesterday removed from office on the
order of Governor Hanna, who finds
that they have permitted open viola-
tion of the prohibition and anti gam-
bling laws.
